ABOUT THE SCHOOL

The School is established and managed by MONTFORT BROTHERS OF ST. GABRIEL, an international Congregation of Catholic Church. The Congregation was founded by St. Louis de Montfort in 1715 in France. The Congregation started its educational projects in India in 1903. Today, it has seven Provinces and manages over 180 schools in India under the name of "Montfort School". A spiritual vision, inclusive education, incarnational methodology, innovation and creativity, the best interests of the child, partnership and networking, respect for the community of life and quest for excellence are some of the characteristics of Montfortian Education.

The school was established on 4th April 2011 The School draws inspiration from the dynamism and courage of St. Louis de Montfort who contributed immensely to the promotion of human development and universal brotherhood.

VISION

To promote human development, universal brotherhood and national growth.

MISSION

To prepare citizens of character and quality by providing value-based, qualitative and inclusive education.

The Examination Board

The school is affiliated to CBSE, New Delhi, one of the recognized and approved All India Boards of Secondary Education. This choice will enable the school to create a balanced CBSE curriculum plan and help the students to face All India Competitive Exams with ease.

Co-educational Institution

This is a co-educational institution by choice. We strongly feel that gender discrimination on any basis is absolutely out of place in today's world and wish to address this problem in our own way by giving equal opportunities for both boys and girls. This will help our

students to be comfortable in the presence of each other and they develop a healthy understanding of each other which in turn leads to mutual respect and co-operation both now and later in life.

Exposure to Technologies

We believe technology should be seamlessly woven into the learning process, enhancing the curriculum across discipline and levels, providing students with the skills to use digital technologies that will help them now and in future.

Sports and Games

The school encourages every student to take part in sports and games. Regular coaching for cricket, football, basketball and table tennis will be organized by the school.

Infrastructure Facilities

- It is an eco-friendly campus away from air and noise pollution.
- The classrooms are spacious and comfortable with sufficient ventilation.
- The school has a well documented library which covers a wide range of books.
- Well equipped composite science lab and spacious computer lab with monitored internet use.
- The campus is under the surveillance of CCTV cameras for 24 hours.
- Every floor is supplied with purified drinking water with RO system.
- Well equipped first aid facilities with doctor on call.

Teaching Staff

The school is proud to have a team of professionally qualified and experienced staff. They are trained to impart knowledge in strict accordance with the CBSE guidelines. The school provides child-centered learning opportunities so as to explore students' latent abilities and sharpen their personalities.
